ABOUT US

RENESAS Electronics Corporation was established on November 1st, 2002 in Japan. Renesas Semiconductor KL Sdn Bhd and Renesas Semiconductor (M) Sdn Bhd are a subsidiary of RENESAS Electronics Corporation and a manufacturing facility that is based in Malaysia.

As a semiconductor manufacturer, we strive to be the first to meet the needs of our customers worldwide with the aim of becoming one of their most trusted partners.

We will be first to respond to customer needs worldwide with our creative power and technology innovations to become a strong, growing semiconductor manufacturer and a trustworthy partner.
