1. Introduction

Malaysian Students' Association in Japan (MSAJ)

Malaysian Students' Association in Japan (MSAJ) was established in the year 1976, with the objectives of its formation are to unite and take care the welfare of Malaysian students in this country. This association is open to all Malaysian students who are studying or taking courses for more than SIX months. MSAJ is consists of 5 Divisions; Kanto, Kansai, Tohoku, Hokuriku and Kyuma (Kyusyu). As our name explained, the association is managed and organized ONLY by students studying in Japan, mostly on **voluntarily basis**.

Events and activities

Every year, MSAJ organized many events and activities all year round. The fiscal year started with spring, and the activities are supporting the orientation of new JPA students in March, Hanami (cherry-blossom viewing) in April, and Career Fair in May.

We also take part in ASEAN Festival, usually in June or July, organized by ASEAN Youth Network in Japan (AYNJ), a network among ASEAN student associations in Japan. In summer, we will have Mount Fuji Climb and Independence Day celebration.

Sports are very popular in autumn and that is when we organize MSAJ Sports Festival and participate in AYNJ Sports Festival. We usually held a Malaysian Night in winter, a night where we invite Malaysian students to gather before ending our fiscal year.

2. The Career Fair

Objectives

The objectives of the Career Fair are as such below.

1. To provide job opportunities for Malaysian Students in Japan
2. To allow students to get better understanding about the corporate world.

The Career Fair is also a very important source of fund for MSAJ to cover expenses of our activities, especially when we are not receiving any financial support from other parties. Please understand that all the payments received are used in all our management and organization of our activities annually.
